FOR GOVERNOR OF OHIO,
DAVID TOD, of Trumbull.

THE DEMOCRAT.

NEW PHILADELPHIA, OHIO.

THURSDAY AUGUST 1, 1844.

☞ The Communication signed "Oxford," came too late for this paper, but shall appear next week.

A stout lad of about 15 or 16 years of age will be taken as an apprentice at this office. One from the country would be preferred.

GOSHEN TP. HICKORY CLUB.

There will be a meeting of the Club on Saturday evening next, August 3d instant. Mr. BONHAM will address the Club on the important political topics of the day. A full attendance is requested. Business of importance will be brought before the Club.

SIGNS IN OHIO.

On our first page we give several renunciations in Ohio. The Cleveland Plain Dealer gives the names of scores of on the Reserve who have left the "man with the bloody hand," among whom are Lewis L. Rice, a whig editor of 1840, J. W. Tait, Edward Wade, Thomas Richmond, T. C. Sovereign, R. H. Blackmer, H. P. Hopkins, J. F. Tointer, M. H. Hickox, and Capt. Wm. Richmond, all of Cuyahoga county.

The Seneca county advertiser, gives the names of Wm Johnson and General Sidney Sea, the latter one of Tom Corwin's stumpers in 1840, and whig candidate for the Senate, as having turned heart and soul against Clay and his British measures.

The Highland county Gazette gives the renunciation of Elijah Walker which closes thus, "I cannot vote for blackleg and duellist: fireball coonery. I go for Polk Dallas and Tod, and my country's interest."

R. M. Morrison Editor of the Toledo Gazette a leading coon of 1840, has had the scales pulled off his eyes, and now goes Polk and Dallas with a rush. The Columbiana county Patriot, says there are 600 changes from Whiggery to Democracy in that county alone.

These are but the "Van Guard of the Grand army" of democratic volunteers in the counties already alluded to. Push on the democratic ball.

MORE DECEPTION.

We last week exposed a base fraud practised upon his readers by the Buzzard editor, in regard to a pretended anti Polk meeting in Kensington, Philadelphia. No such meeting ever took place, and yet the Buzzard Editor has again published it as a fact, thinking no doubt, that by reiterating he can make his readers swallow all.

If they do, they must have sick stomachs, that's all. The N. Y. Tribune, the leading Clay paper there has some honor. But the Buzzard none.

☞ The Pennsylvania says that no Loco Foco meeting has been held in Kensington, Philadelphia, which resolved to oppose Polk and Dallas, for reasons given. We don't remember that we published the account, but it was published, and as it appears to have been a hoax, we cheerfully contradict it.—N. Y. Tribune.

TOD AND VICTORY.

In the last Statesman we gave a list of 45 places in different counties where Col. Tod is to address the people between this & the 4th Oct. Never perhaps had the Democracy so popular a champion in the field as Col. Tod. Wherever he goes he is hailed by the greetings of thousands, of all parties, anxious to shake by the hand and hear the favorite son of Ohio. Tod and victory are the watchwords that come up on every breeze, and the second Tuesday of October will give him a majority such as no candidate for Governor ever received before in the State of Ohio. There is no mistake about it. His election is as certain as if it had already taken place.

☞ The federal papers to keep up appearances are publishing lists of "changes," purporting to be from Democracy to whiggery in 1844. But its all gammon, and got up to cheat and humbug their readers. To be sure there is here & there one fresh change from selfish motives altogether, but the balance of the changes you see in the federal papers are old stale cases who were against us in 1840, and because they are so still, Whiggery counts them as so much gain.

On the other hand the changes to Democracy, are made by men who were against us in 40, as all their renunciations show; consequently every change to us is a gain of two, whilst those to whiggery count nothing at all. The prospect for Clay is certainly very bright.

HENRY CLAY AND QUEEN VICTORIA.

On Sunday night last, some wags of this place run up a Clay pole, with a flag and a picture of a woman on it, and a fishing pole on top. The fishing pole means we suppose that they are fishing for votes. So far they have not even caught a gudgeon. The woman on the flag is said to represent the Queen of England, and the boys run along the streets huzzing for "Henry Clay and Queen Victoria." The whole is doubtless intended for a burlesque on Whiggery, but never were federal principles more fully represented. Queen Victoria has a National Bank, King Clay wants a National Bank, and refers us in his Raleigh speech to England for an example. Queen Victoria has a high protective tariff, the federal leaders want a high tariff. Queen Victoria has a National debt, King Clay wants a National debt. Queen Victoria has her nobles and monopolies. King Clay wants monopolies, money lords and manufacturers. Queen Victoria oppresses her people with unequal laws. Henry Clay wants privileged orders and laws to benefit the few at the expense of the many. Queen Victoria's Judges sentenced O'Connell to the Penitentiary for proclaiming against British Charters and British laws. King Clay's Judges in Rhode Island sentenced the patriot Horro to the Penitentiary for life, for proclaiming the principles of the Declaration of Independence, and endeavoring to overthrow British Charters. Was there ever a more apt illustration of the federal principles, than this Clay pole with Queen Victoria on it.

DEMOCRATIC MEETINGS.

The Democrats of Tuscarawas are rushing into the political contest gloriously. Meetings are being held in various places, and every man seems determined to do his duty.

A meeting of some 500 democrats was held in Washington township on Saturday, and addressed by J. D. Cummins Esq. A person present informs us that he never saw the Democracy in better spirits or more sure of victory.

The Democracy of Oxford township seem to take the lead, and are waging a war of death to the coon tube. A large meeting of some 300 took place in Dover on Friday night, and was addressed by Mr. Bonham. The Democracy of Goshen also had a meeting on Saturday night, and were addressed by Mr. Beldon. We tell our friends in other counties that Tuscarawas will do her duty this fall, and no mistake. A majority of her citizens never countenanced duelling nor gambling, and never can be made to vote for the duellist and gambler Clay, with all his British notion of a monster Bank, high taxes, and monopolies.

IMPRESSING DEMOCRATS.

The British were once in the habit of impressing American seamen into their service, but they found out a thing or two which caused them to quit. The federalists are now endeavoring to impress Democrats into their service just as the British did or sailors. But its all no go.

We cut the following from the Tuscarawas Advocate of July 26:

"John C. Haswell, editor of the Vermont Gazette, published for the last fifty years at Bennington, Vermont, and well known heretofore as one of the most violent Loco-foco Journals in that State, refuses to adhere to the nomination of Polk and Dallas, and has taken down their names from the head of his paper, where they were placed during his absence."

"That looks very fair on its face, but see the base fraud it contains. Hear what Mr. Haswell says himself: TO THE EDITORS OF THE GLOBE."

"I perceive my name in the Intelligence of this morning, as having renounced my old democratic principles in favor of modern whiggery. This is an entire mistake. God forbid that I should, directly, or indirectly, and in the remotest degree the election of Henry Clay to the Presidency. The Vermont Gazette which has been published for nearly seventy years, ever has been and ever will be, radically Democratic. I was in favor of the nomination of John Tyler by the Democratic party, believing the leading sets of his administration in accordance with the principles of Jefferson and Jackson. So far from aiding in the success of Mr. Clay, I shall visit Vermont for the sole and only purpose of casting my vote against him, both at the election in September and November next."

Very Respectfully,
JOHN C. HASWELL.

July 13, 1844.

WHAT DEMOCRATS CONTENT FOR.

The Democratic party ever have been the friends and advocates of equal laws and equal privileges. From the time of Mr. Jefferson their efforts have been to protect the farming and laboring classes from unjust laws, swindling corporations and chartered monopolies. They have in the National and State Legislatures always been the advocates of universal suffrage, and universal education. They have taken the adopted citizens by the hand and treated them as men—as freemen possessing the same right of action and privileges as the native born. They have always stood up and denounced the innovations of British monarchists upon our Republican form of Government. They have always been the defenders of the Constitution, and warred against the encroachments so often attempted upon it by the monied aristocracy. They have always been the protectors of the Ballot box, and the purity of the elective franchise. In short, their whole efforts have been for the greatest good to the greatest number. Who can hesitate to vote for the Democratic party, after examining into the measures they advocate and the purity of the men they place in power to carry out these measures.

THE HAND WRITING ON THE WALL.

The Ohio S. Journal Central organ of Whiggery calls out in fearful tones on the Whigs to "sleep not," which means that they are asleep. That's a pretty note to sound, after their bragging about 20,000 in Ohio All asleep eh! The fact is the honest whigs see the hand writing on the wall, & those who have not courage to leave the party are stupefied and will do nothing. Look even in this county. The leaders have appointed two or three stumpers to attend every township meeting and wake them up, fearing that if they should let them alone there would not be enough at their delegate meetings to organize. This last move of coonery in Tuscarawas shows the sinking state of whiggery more plainly than anything that could have come out. It is about their last kick before expiring. Poor fellows, they die hard, but is no use to kick. Fate has ordained the overthrow of Federalism, and the triumph of Democracy.

ALL CORRECT.

We published a statement two weeks ago, to the effect that Gov. Ritner and his Secretary Thos. H. Burrows had come out against Clay. The Lancaster (Pa.) Journal confirms it all, and says not only have these two leaders of whiggery "swore off," but nearly the whole antimasonic portion of the whig party in Pennsylvania have also given Clay the go-by, and disclosed their intentions of supporting other candidates—some Polk and Dallas—others Barney &c. In 1838 Clay was beat 52,000 in that State, and from appearances he will be defeated still worse this year. So we go.

LOUISIANA ELECTION—COONERY RUN MAD.

The tide that has set in against Whiggery since the nomination of Polk & Dallas has so completely "flooded" the leaders' brains that they are no more conscious of what is actually going on than the inmates of the lunatic asylum. Hence although the Democracy have carried 3 out of 4 Congressmen in Louisiana, have a majority in the Senate, a majority in Convention, and a majority of 2000 on the popular vote—they sing out "Whig victory," "Louisiana all safe for Clay," and other insane remarks of a like character. How could any other than insane men use such language in the face of facts and figures! But they will come to their senses ere long. Below we give later news from Louisiana, which confirms all we have said before, except the lower House in which the rabid coons claim 6 to 5 majority.

ALL HAIL LOUISIANA.

STILL LATER FROM THE SUGAR STATE.
The Louisville daily Democrat received this morning says:

GLORIOUS NEWS—QUESTION SETTLED!

ALL HAIL LOUISIANA!

We received yesterday from a gentleman in whom we place the utmost reliance, the details of the splendid democratic victory in Louisiana. He left on the 16th inst. for the State. Below we give later news from Louisiana, which confirms all we have said before, except the lower House in which the rabid coons claim 6 to 5 majority.

Gain since 1840 5,680
And this with a property qualification for voters. This qualification will be abolished before November, and the democratic majority will probably amount to seven or eight thousands.

This great result is peculiarly significant. Louisiana has been relied on as a staunch whig state, and was of all others, the battle ground of the two great contending forces of tariff and Texas. If the Whigs cannot save Louisiana, why, perhaps they might make a desperate effort to save Massachusetts.

The Cincinnati Enquirer copies from the New Orleans Herald thus:

LOUISIANA.

We are confident that the result of the election when fully known will place Louisiana now among the Democratic States. The Herald of the 16th inst. says the Congressmen, beyond all question will stand 3 dem. 1 Whig. This Convention, which was the sure test of parties, for they drew the line exactly, stand as follows:

	11 Dem.	6 Whig.
Senatorial Delegates	34	24
Representative do.	45	30
	38	30
	15	

Being 15 democratic majority on joint ballot in the Convention.

What have the coons got to say now? Are the elections in Kentucky, Indiana, &c. to be affected? Bahl—States.

CLAY'S PROSPECTS.

The following calculation of Clay's prospects to be elected President is submitted by the Cleveland Plain Dealer, to the candid consideration of the whigs. It will be observed that should he even get all those set down as doubtful, Polk will still have a majority of 60 electoral votes.

GREAT MASS MEETING AT MASSILLON.

We observe in the "Stark County Democrat," a call for a mass meeting of the Democracy of the northern and middle districts of Ohio, at Massillon, on the 23d inst. Several distinguished members of the Democratic family are expected to be present. Particulars next week.

For the Ohio Democrat

WHAT A PITY.

It is said that Mr. Bingham while addressing his whig friends in Dover, (query, for they nearly all deserted him before he got through) among other witty sayings, expressed deep regret that the last syllable of his name was the same as that of Mr. Bonham. Now, the word Bon means good, hence, "good-ham," while that of Bingham is (like his speech) without meaning. Mr. BONHAM had addressed an overwhelming Democratic assemblage of the Dover Hickory Club, on the evening previous, and in a scathing speech exposed the base deception of the whig leaders together with their idol of Clay; but did not touch the name of Bang, Bing, Bong, Bung, or any other kind of ham.

The man who would assail any gentleman on such grounds, deserves a touch of Paddy's logic to expand his ideas.

Some gentlemen conversing on the subject of the creation touched on the naming of the animals. An Irishman being present, said, "well gentlemen, I can't for the life o' me, see the reason why they ever gave a name till a hog." "Why not Paddy, as well to a hog as any other animal?" "Why is it? Why because any body might know he was a hog by just looking at him!" B.

OBITUARY.

Departed this life on the 24th instant at his residence in Westchester, JOHN O. COREY, Esq. in the 44th year of his age. In him society recognized one of her best and most useful members. His deportment in life was such as to secure him the confidence and esteem of all who knew him. His parents recognized in him a dutiful son, his wife an affectionate husband, and his children a tender parent—society and friends deeply lament the loss; but the tender cord was cut, the die was cast, and theirs the loss but his the gain. He died not as the fool dieth nor as he that hath no hope, but in the full assurance of a glorious resurrection and a happy admission into the realms of endless bliss. R.

And will also attend at my office in New Philadelphia, from the 1st of October, until the 20th December. The taxes charged on the dollar valuation, on the grand levy, is as follows: For State purposes 11 mills, Canal 5 mills, State Common School 1 Mill County 2 mills, Common School 2 mills, County four-hundredths 2 mills, and Road 3 mills; total 16 mills.

TOWNSHIP TAX.

In the townships of Bucks, Sandy, and Warren townships, each 2 Mills Clay, Goshen, Jefferson, Perry, Lawrence, Rush, Sugar-creek, Warwick, Wayne, and York townships, each 1 do. Oxford and Union townships, each 4 do. Dover township, 3 do. Mill township, 14 do. Salem township, 1 do.

THE LAW.

The following is the second section of an act passed by the General Assembly of Ohio, in March, 1844.—That when any person is charged on the duplicate with tax on real estate, and tax on chattel or personal property, the payment of tax on such chattel or personal property shall not release it whilst in his possession from liability to be distrained for the payment of tax on such real estate, unless the person in whose name such premises are charged, shall satisfy the County Treasurer that the same are not his property and are erroneously charged in his name for taxation. But the Treasurer shall be authorized and required in all cases where any person properly charged with taxes on real estate, has personal property within the county to distrain the same for the payment of such tax, and the County Auditor shall accept from the Treasurer in his return of Delinquency, no assignment of cause for such delinquency of landed estate, except that the owner is a non-resident of the county; that such premises were erroneously taxed; that no personal property could be found, or that property when seized, was not sold for want of bidders.

[General Laws, page 63.]
It will be seen at a glance, that the law compels the Treasurer to travel the county through, and to see each tax payer, either for the purpose of asking the tax by distress, or obtaining the assignment of cause required by law, before he can proceed to prepare for settlement with the Auditor. For this purpose the law gives him the 30th December to the 15th January—a limited time indeed, to collect by distress from two to three thousand dollars in small sums, consequently it will be impossible for me to attend at my office after the 30th December, unless the taxes are satisfied, or heavily so, by that time, as it is as much the tax payers interest as mine, that the taxes be paid without additional costs. I give this notice, with a hope that it may in due time come to knowledge of all concerned, and prove advantageous to them, as well as to myself.

JOSEPH DEMUTH,
Treasurer of Tuscarawas County.
